

EIC Detector 2

- Kick-off meeting past Friday, c.f. <https://indico.bnl.gov/event/16824/>
- Mailing list, <https://lists.bnl.gov/mailman/listinfo/eic-det2-l>
- Wiki <https://wiki.bnl.gov/eic-detector-2/>
- Co-conveners: Sangbaek Lee (MIT/ANL), Simonetta Liuti (UVa), Pawel Nadel-Turonski (SBU), Thomas Ullrich (BNL), Anselm Vossen (Duke), Walter Wittmer (JLab)
- Three apparent thrusts: community desire for 2nd detector, complementarity in nuclear physics topic emphasis, complementarity through further advanced detector instrumentation and capability (detector 2 will be several years after detector 1),
- Quote from the meeting: *“It is important this group has an organized approach to utilizing the Generic R&D funds for this effort.”*
