- **Out-Bound Gate Closed at night**

Safety Bites

Slip, Trips, and Falls continue to happen

- 2 in Physical Sciences Area in less than 2 months
- Both happened indoors, low hazard tasks

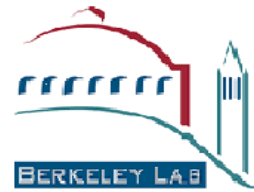

Suspect / Counterfeit Items

- Found through-out the DOE Complex
- Carefully inspect all received items (even trusted vendors)
- Report any suspected items to Melanie Gravois (x5916)

Electrical Equipment Safety Program

- Lab requires all equipment ($\geq 50V$) to be NRTL- Listed
- Or inspected and approved – prior to use
 - Ohmar Sowle (510-220-2934)
- Inspection required if equipment is modified
