

## Astrophysical Neutrinos from IceCube

*Tuesday, 29 May 2018 14:00 (20 minutes)*

In this talk, I will present the latest results on astrophysical neutrinos from IceCube, including our non-detection of GW170817. I will also briefly present two IceCube results on the cross-section and inelasticity distributions for high-energy ( $E > 1$  TeV) neutrino interactions.
