

RIKEN Berkeley Workshop: Quantum Information Science

Tuesday 29 January 2019

Sensing V - Building 66- Auditorium (14:30-16:00)

-Conveners: Aritoki Suzuki

time	[id] title	presenter
14:30	[46] Color centers for quantum sensing and communication - challenges and opportunities	SCHENKEL, Thomas
15:00	[41] Quantum metrology using a strongly interacting spin ensemble	CHOI, Soonwon
15:30	[28] Noise magnetometry with spin qubits: A window into fractionalization and anyonic statistics in magnetic insulators	Mr CHATTERJEE, Shubhayu
