

Workshop for Applied Nuclear Data Activities (WANDA)

Wednesday, 23 January 2019

Roadmapping Session 1B: Isotope Production - State Room (08:30 - 10:00)

time	[id] title	presenter
08:30	[41] Nuclear Data for Isotope Production: A Program Manager's Perspective	Dr BALKIN, Ethan
08:50	[42] Current status of infrastructure and capabilities for nuclear data measurements at BLIP	Dr MEDVEDEV, Dmitri
09:10	[43] Capabilities for Isotope Production Nuclear Data Measurements at LBNL	Dr VOYLES, Andrew
09:25	[39] Radioactive targets for Nuclear Astrophysics experiments at LANL.	Dr PERDIKAKIS, Georgios
09:40	[44] Argonne capabilities and needs for nuclear and atomic data related to the isotope program	Dr NOLEN, Jerry
