Session Program

3-5 Jun 2025

AGENDA: UPenn Workshop

Scintillator development and application

Tuesday 3 June

11:00

Scintillator development and application: Scintillator development
Session | **Location:** | **Convener:** Jose Maneira

11:00–11:20 **BNL WbLS and LS Development**

Speaker
Minfang Yeh

11:30–11:50 **Slow scintillators and metal loading**

Speaker
Hans Steiger

12:00–12:20

Toward Predictive Design of Water-Based Liquid Scintillators for Hybrid Cherenkov/Scintillation Neutrino Detectors

Speaker
Weronika Wolszczak

12:30

13:30

Scintillator development and application: Scintillator applications
Session | **Location:** | **Convener:** Andy Mastbaum

13:30–13:42 **Development of slow water-based scintillator**

Speaker
Bruno Gelli

13:45–13:57 **WbLS analysis at ANNIE**

Speaker
Johann Martyn

14:00–14:12 **Muon analysis at the BNL 1-ton**

Speaker
Adam Baldoni

14:15–15:00 **Panel Discussion: scintillator development**

Speakers
(Moderator) Bob Svoboda, Hans Stieger, Minfang Yeh, Szymon Manecki, Weronika Wolszczak

15:00
