

Early Career Employee Resource Group

Chair – Mariah Parker

March 24, 2020

What we do

- The Early Career ERG builds and fosters a community network of inclusion around employees who are within 10 years of the individual's highest degree or certification appropriate for their field
- Make the lab the premier and preferred place for early career individuals to launch their careers
 - Attract, retain, empower, and inspire Early Career employees to achieve their fullest potential across the spectrum of employment opportunities at Berkeley Lab
 - Support and enhance the environment for Early Career employees
 - Develop a community of Early Career employees
 - Increase awareness of the Early Career community through internal and external activities
 - Bring awareness of Early Career to STEM and Operations fields

Who we are

Who we support:

- STEM
 - Postdocs
 - Scientific Engineering Associates
 - Project Scientists
 - Career-track Staff Scientists
- Operation Personnel
 - HR
 - Facilities
