

Session Program

8-12 Jun 2026

SRC-EMC 2026

Few-body Systems

Lawrence Berkeley National Laboratory, Building 66 - Auditorium
Berkeley, CA (USA)

Wednesday 10 June

09:15

Few-body Systems

Session | Location: Bldg. 66 Auditorium

09:15-09:45 **Spectral Functions for Light Nuclei (20+10min)**

Speaker

Axel Schmidt

09:45-10:15 **Probing the Nuclear Repulsive Core with Deuterium (20+10min)**

Speaker

Carlos Yero

10:30

11:00

Few-body Systems

Session | Location: Bldg. 66 Auditorium

11:00-11:15 **Exclusive measurements of SRC in He with ALERT (10+5min)**

Speaker

Florian Hauenstein

11:15-11:45

Probing the nuclear core in next generation studies of SRCs (20+10min)

Speaker

Misak Sargsian

11:45-12:00 **Studies with Polarized Targets (10+5min)**

Speaker

Nathaly Santiesteban

12:00
