Gravitational Waves II: Multi-messenger Analysis (14:00-15:40)

time	title	presenter
14:00	The explosion dynamics of core-collapse supernovae and its multi-messenger signatures	KOTAKE, Kei
14:20	Observing Gravitational Waves from the Next Nearby Core-Collapse Supernova	GOSSAN, Sarah
14:40	Delayed Outflows from Accretion Disks formed in Neutron Star Binary Mergers	FERNANDEZ, Rodrigo
15:00	Detection and Localization of Gravitational Wave Transients: The Early Years	PRICE, Larry
15:20	General-relativistic Simulations of Three-dimensional Core-collapse Supernovae	ABDIKAMALOV, Ernazar
