

TAUP 2013

Tuesday, September 10, 2013

Low Energy Neutrinos II (2:00 PM - 3:40 PM)

time	[id] title	presenter
2:00 PM	[M42] Solar Neutrino Results and Future Opportunities with Borexino	CALAPRICE, Frank
2:20 PM	[M2] Recent Solar Neutrino Results From Super-Kamiokande	RENSHAW, Andrew
2:40 PM	[M10] SNO+ experiment	Mr KASPAR, Jarek
3:00 PM	[M6] Solar models and solar neutrinos: a quantitative analysis of the solar composition problem	VILLANTE, F.L.
3:20 PM	[M17] Neutrino mass hierarchy and neutrino oscillation parameters with 100,000 reactor events	Dr MARRONE, Antonio
