

Frank Wilczek

Theoretical physicist, mathematician, 2004 Nobel Laureate and author of the new book, "A Beautiful Question: Finding Nature's Deep Design"

THE INTERSECTION OF

ART AND SCIENCE

JOIN US FOR A SPECIAL RECEPTION

Thursday, January 7, 2016 - 5:30 p.m.
LeConte Hall, Room 375, UC Berkeley

FOLLOWED BY THE PUBLIC LECTURE

at 7:00 p.m.
Sibley Auditorium, UC Berkeley

"There are profound reasons, rooted in the nature of human cognition and perception, why art and science have a lot to offer one another. Important historical examples of their synergy, some emerging opportunities and several striking images are an integral part of the presentation."

This event is co-sponsored by Berkeley Physics and the Division of Arts and Humanities in the College of Letters and Science and Berkeley Lab.
