

# RHIC Beam Energy Scan and Beyond

## Tuesday 17 August 2021

### Session III: Session III (06:00-08:15)

-Conveners: Swagato Mukherjee

time	[id] title	presenter
06:00	[10] Charge fluctuations in strong magnetic field: new opportunities	DING, Heng-Tong
06:30	[11] Hadronic transport at high baryon densities: The open ends	OLIINYCHENKO, Dmytro
07:00	[12] What can we learn from the polarization measurements at high baryon density?	LIAO, Jinfeng
07:30	[13] Dynamical modeling of RHIC BES: What's there and what's left?	SHEN, Chun
